PERSONAL STATEMENT

I'm a 37 years old employee & Freelance Designer from Belgium. Currently based in Liège, I love everything that has to do with Web design, Development, Graphic design & Branding. I feel a true devotion for technologies of information such as the web, the apps and the old good fashion magazine too.

I love visual stimulation, that thing that makes you think!

I have 9 years of experience working as a freelance and working for companies. I love working with people, specially if they have the same passion I have for what they do. I'm hungry for knowledge, life is a challenge!
